FOR HEALTHY LIVING
FOR SOCIAL RESPONSIBILITY

THANK YOU FOR GOING THE EXTRA MILE

EMPLOYEE OF THE MONTH

DANIEL OJEDA

Daniel does more than is asked of him when he is working the wellness floor, keeps things in order and makes sure that he is connecting with members. He assists other floor staff when he was off the clock just because he saw they needed assistance. Daniel is a knowledgeable and prepared personal trainer and his clients love his energy and enthusiasm.

Calling Daniel helpful is somewhat of an understatement. He is supportive, encouraging and dependable. He is loved by all members who know him. At events he goes above and beyond what he is asked to do and is there to support every member when needed.

When Daniel substitutes for Group Ex classes members absolutely rave about him. Not only is he knowledgeable, prepared and capable, but he brings his amazing energy level with him when he teaches. He goes out of his way to change his schedule and help when needed, and often at the last minute.

Daniel is key in creating a culture of community, acceptance, encouragement and connectedness to the Y. He is the energy and heart of the Wellness Department and I am so thankful for all that he does and brings to our team. We are lucky to have him.
